

# Screen Colour Systems

## TurboScreen Price List August 2008

TurboScreen (TB) is a thin film screen ink suitable for use on all types of paper, board and a variety of other substrates. TurboScreen has extremely good coverage. The excellent screen stability and self-solvency of TurboScreen screen inks makes them suitable for all types of screen-printing machines. We offer a colour matching service for the TurboScreen range. All TurboScreen inks will have the prefix TB in front of the colour code number.
